

All dogs admitted to our facility for any treatment or procedure must be up to date on the following vaccines and examinations:

- Rabies
- Distemper
- Negative Annual Fecal Test

We strongly recommended other vaccines and testing such as:

- Bordetella
- Leptosirposis
- Heartworm/Lyme Testing
- Lyme Vaccine
- Influenza
- Year Round Flea and Tick preventatives

All cats admitted to our facility for any treatment or procedure must be up to date on the following vaccines and examinations:

- Rabies
- Distemper
- Negative Annual Fecal Test

We strongly recommended other vaccines and testing such as:

- Feline Leukemia/Fiv Testing
- Year Round Flea and Tick preventatives

If your pet is not up to date on these required vaccines and procedures it is our policy to update them minimum of 2 weeks before any admission to our hospital. We reserve the right to refuse service if you decline any of these above services.
